TITLE OF AGENDA ITEM:

SP 8-9-04 Regency Square Parcel B, 4900 SW 148 Avenue (B-3 pending)

REPORT IN BRIEF: Approval of the site plan for Regency Square Parcel B is being requested. The 1.48 acres (64,287.1 square feet) vacant site is located on the west side of SW 148 Avenue, south of the main entrance to Regency Square Shopping Center. This proposal is for a single story building that can accommodate general or medical office use, and a small amount of retail use.

The site plan shows one (1) building with 5,000 square feet of general or medical office and 1,000 square feet of retail, for a total of 6,000 square feet. The elevations indicate the building has a metal roof, porte-cochère supported by a decorative steel structure, smooth stucco finishes, glass storefront windows, pre-cast imitation keystone panels around the bases of the columns, pre-cast medallions accenting the top of the columns. The color scheme indicates a patina roof, ivory columns, off-white stucco fascia, and white steel structure and mullions.

Access to the site is from two (2) openings from the center's eastern access drive. Pedestrian access is being addressed with the addition of sidewalks and crosswalks throughout the site. There are 55 parking spaces provided, with only 29 being required if the building's office areas were solely occupied with medical office use.

The proposed site plan can be considered compatible with the surrounding properties. To the north is the center's main access drive, to the south is an existing gas station/convenience store, to the east is Volunteer Road, and to the west is an existing parking lot.
